

ENVIRONMENTAL POLICY STATEMENT

ESMIL PROCESS SYSTEMS LIMITED is committed to minimising the impact of its activities on the environment.

The key strategic points to achieve this are:

- To minimise waste by evaluating operations and ensuring they are as efficient as possible.
- Actively promote recycling both internally and amongst customers and suppliers.
- Source and promote products to minimise the environmental impact of both production and use.
- Purchase and use environmentally responsible products accordingly
- Avoid unnecessary use of hazardous materials and products, seek substitutions when feasible, and take all reasonable steps to protect human health and the environment when such materials must be used, stored and disposed of.
- Develop and maintain appropriate emergency and spill response programmes where required by legislation or where significant health, safety or environmental hazards exist.
- Meet or exceed all the environmental legislation that relates to the Company.
- Strive to continually improve our environmental performance and minimise the social impact and damage of activities by periodically reviewing our environmental policy in light of our current and planned future activities
